Hercules Scores with New ProPoxy® TRIPLE PLAY

Passaic, New Jersey (March 3, 2011) – Three epoxies – Hercules's best-selling ProPoxy® 20, PlasticPoxy®, and new CopperPoxy – are now available in one handy package from Hercules Chemical to repair and rebuild steel, copper, and plastic.

These three fast-acting, co-extruded sticks of epoxy are formulated for specific materials. Each stick contains premeasured, 2-3/8" portions of activator and base throughout. No measuring or mixing tools are necessary.

New ProPoxy TRIPLE PLAY is available at plumbing wholesalers nationwide through OateySCS.

Hercules is a manufacturer and marketer of a full line of chemicals and other specialty products for the plumbing and heating industry for almost 100 years.
